Attend Remembrance Day Service - Wear A Poppy

All In Readiness For Services At 10 a.m.; Flowers to be Presented Next of Kin of Fallen War Heroes

All is in readiness for the Remembrance Day service on Thursday, November 11.

Those desiring to take part in the parade are asked to be at the Legion Club at 9:25 a.m. The Pipe Band, R.C.M.P., Coleman Elks and Legion members will parade through the main street.

The service will be held at the site of the Cenotaph. S. C. Short will deliver the principal address and unveil the new Cenotaph. J. J. McIntyre will be chairman.

Taking part in the service will be the ministers of St. Paul's and St. Alban's and also the officers of the Salvation Army.

Coleman Choral Society will lead in the hymns.

Following the unveiling of the

Cenotaph wreaths will be placed at the base by the Town council and several local organizations. In addition bouquets of flowers will be presented the next-of-kin of the war heroes who fell in the First and Second World wars.

Those attending the services are asked to stand on the bowling greens, several yards from the Cenotaph as the ground around the Cenotaph proper is being reserved for a particular purpose. They are also asked not to crowd up against the wall of the Legion club which faces the bowling greens as the Choir are to take up their places in that area.

Let everyone wear a poppy when attending the services.

SLOVAK SOCIETY DONATES \$27.00 TO CIVIC CENTRE

Finance chairman Bert Bond announces receipt of \$27 from the National Slovak Mutual Benefit Society.

The money is 20% of the net proceeds of a Fruit Dance sponsored by the Society last month. Mr. Bond was invited to attend a recent meeting of the Society when the returns from the dance were discussed. All expenses were shown Mr. Bond by the members and cash totalling \$27 given him for the Civic Centre.

Mr. Bond thanked the Society for its work in the Civic Centre's behalf and stated that his committee sincerely appreciated the donation.

Hospital Board To Build Nurses' Home In Spring

Architects Meech, Mitchell & Meech Asked to Draft Plans; Will Be Built Short Distance From Municipal Hospital.

At a meeting of the C.N.P. Municipal hospital board on Sunday the members decided that it would be in order to contact architects, Meech, Mitchell & Meech, Lethbridge, to draft plans for a Nurses' Home to accommodate at least twenty six persons.

The plans are expected to be placed on the draught board shortly and the estimated cost given the Board. It is hoped to start construction in the early spring and if all goes well to have the nursing staff in their new quarters sometime during the summer.

The Home will be a short distance east of the hospital and will very likely receive its heat from the hospital boilers.

By putting into motion plans for the Nurses Home the cost will be incorporated into the costs of the hospital proper and will result in a greater increase in the Federal-provincial health grant for new hospital construction.

Hon. N.E. Tanner Invited To Visit Coleman, Nov. 18

Board of Trade to Consider Printing Tourist Data For This District; Will Lay Wreath at Cenotaph Tomorrow.

Coleman Board of Trade executive met on Thursday evening with ten executive members present. Chairman Percy Dickieson presided.

Upon the invitation of the Coleman Memorial Park committee a wreath is to be purchased by The Board and will be laid at the foot of the Cenotaph, immediately upon its unveiling by Board president Percy Dickieson on behalf of the Board members.

Mr. Bricker, of the National Film Board, is desirous of organizing a film council in Coleman and prevailed upon the Board to take the lead and call a meeting of all Coleman organizations for Tuesday evening last at which time the council could be formed.

Secretary revealed that a net profit of \$125.50 had been realized from the showing of the Rodeo film. A vote of thanks was extended to the film committee and the money authorized to be placed in the general fund. In future the film will be rented to any organization for \$1 providing they do not make financial gain through the showing of the film. Those organizations wishing to use the film and charge admission will be assessed 10% of the gross proceeds and a minimum of \$2.50.

During the tourist season a party from the States passed through Coleman. The town impressed them to the extent that they desire to know more about it and asked for tourist pamphlets on the town and district. A committee comprising A. Allen, F. Graham, E. Gushul and A. Balloch were appointed to give the subject serious thought and submit their proposals to the executive in the near future.

Calgary Brewing & Malting Co. sponsors a regular broadcast on radio station CFAC, Calgary. A letter was received from the Company asking the Board to submit interesting information about the town so that it could receive free and favorable publicity on a future broadcast. H. Allen and A. Balloch were assigned the task of preparing copy for the broadcast.

For some unaccountable reason provincial cabinet ministers give the Crow's Nest Pass district a wide berth. Coleman Board of Trade, since its inception three years ago, has set out to rectify that condition and last February invited the late Mr. W. A. Fallow, minister of Public Works, to Coleman as its guest. The invitation was accepted and a most pleasant meeting enjoyed. During his visit Mr. Fallow stated in reply to a question that the reason he had never visited the Pass was due to the fact that he had never been invited.

That excuse will hold no longer for many of the key ministers and this week an invitation was sent to the Hon. N. E. Tanner, Minister of Lands & Mines, to be the guest of the Board on Thursday, November 18. Should he accept the invitation an inspection tour of Pass mines might be arranged as they come under the Minister's Department.

"Sorry, \$100,000 Grant Is In Error" McGilp

States That News Release on Provincial Hospital Grants Was Pre-Mature; Pass Stands To Receive \$76,800.

John McGilp, member of the provincial survey committee, Department of Health, on new hospital construction throughout the province, was in Coleman last week and gave the hospital secretary the bad news that the Municipal hospital would not receive a \$100,000 grant as released to the press in Edmonton a few weeks ago. He stated that the release had been made before the committee had a chance to check the figures and that he regretted the false impression which had been created among a number of hospitals eligible for grants.

During his first trip here about five weeks ago he had informed the Board chairman, E. Williams, and the secretary that he estimated the grant at approximately \$70,400. He again quoted this figure last week, but with greater emphasis.

He advocated the start of the Nurses' Home as the cost would be a proper charge against the total cost of the hospital construction. He estimated the additional aid to the construction of the Home would be \$6,400 thus making a total grant of \$76,800.

At a meeting held last weekend the Board heard a report on Mr. McGilp's visit and decided to take advantage of the additional grant since too great a delay in the Nurses' Home construction would mean loss of that particular portion of the grant. As a result the architects have been authorized to draft plans for the Home and it is expected construction will start in early spring.

Nursing superintendent Florence Cameron, R.N., of the C.N.P. Municipal hospital and Board member V. J. Horejsi, of Frank, represented the Board at the annual convention of the Alberta Associated Hospitals this week.

Arena To Be Put In First Class Condition

Sports' Association To Sponsor Series of Activities This Winter To Raise Funds For Improvements.

On Sunday afternoon Coleman Sports Association appointed a committee to supervise a series of activities this winter to raise funds with which to modernize the skating arena.

The arena last Fall was strengthened by guy wires and fresh new bracing supports. This fall the roof was covered completely with roofing material and should be free of leaks. It still requires proper dressing rooms, lavatories, a succored exterior, etc. and money will be required for these improvements.

An ice carnival will be sponsored which is expected to raise several hundred dollars. In addition a commercial league will be promoted with teams from the Board of Trade, local organizations, the coal companies. Silver collections will be taken at these games and the money derived placed in the fund for arena improvement.

The Association executive desires to stress the point that each local wage earner is an important cog in the Association and it will be up to him to support Association activities if he hopes to ever see the arena modernized and maintain its rightful place as the centre of local winter activity.

MUNICIPAL HOSPITAL APPLICANTS BEING INTERVIEWED

Despite the fact that no advertisement has ever been placed with Pass papers asking for applicants to the various positions in the Municipal hospital the number of applications received for the positions available and even positions that do not even exist has been exceptionally large.

During the past week the personnel has been interviewing applicants, determining who will fill each position to advantage and in due course will submit their names to the Board for final acceptance.

"Sorry, No Road!"

Strangers in our midst Saturday evening came to grief with their car through not having knowledge of our "intricate" highway system.

The party turned north on the avenue east of the Legion club, presumably to miss main street. They turned west when they came to the bottom of the hill at second street east and before they were aware of what was happening landed right in Nez Perce Creekbed, nearby the Joe Plante residence. There is no guard rail on the east bank of the creek in this area and the car was over the bank and in the creek before the driver knew what it was all about.

Some time later Henry Claes came to the visitors' rescue when he hitched his big bus to the car and hauled it out. No one was injured.

Advertising acts as a tonic to any head of business enterprise—

Tourists Were Impressed With Coleman

Desire Tourist Folders of Interesting Data About Town and District.

Coleman Board of Trade received the following letter from U.S. tourists who passed through town in September. It reads:

Libby, Montana

Dear Sirs:
Just about a month ago we were in your city for a very short stay and were so very impressed by what we had seen that we want to come back some day for a longer visit.

Do you have any folders available to tourists showing the most interesting things to see in Coleman and surrounding vicinity? I shall appreciate most kindly having any material such as this and car or luggage stickers if you have them. Will you please send 3 each of whatever you send, as there are three parties of us together that made the trip.

Thank you so much in advance for whatever help you can give us.

Very Sincerely,

Mrs. John Applegate

The Board has appointed a committee to study the subject of tourist propaganda and it is likely that some literature will be printed to help publicize the town and district and have it easily available for the tourist to pick up when in this area. It is gratifying to know that in spite of the lack of a proper highway in the district tourists were sufficiently impressed with the town and district to wish to know more about it and even anticipate a return trip.

THE BEST YEARS OF OUR LIVES

A Need For Reform

ONE OF THE GREAT SOCIAL PROBLEMS which have yet to be completely solved is that of dealing justly and effectively with those who run foul of the law. The administration of justice in British Columbia is known to be unsurpassed in fairness and efficiency. Canada's judiciary system is patterned after it, and in this respect criminals and all those who come in contact with the law are assured of fair and just treatment by the courts. There is, however, still need for reform in many matters connected with the handling of prisoners in jails and penitentiaries, the treatment of youthful criminals and first offenders, and the problem of rehabilitating those who are discharged from our penal institutions. The now well-known Archambault report on prison conditions in Canada contained recommendations for dealing with those problems and already steps have been taken to carry out some of these recommendations.

Would Require Much Money

Effective prison reform, however, requires large expenditures of public money for buildings, equipment, and the training of skilled personnel, and consequently rapid progress is not made. The matter, however, constitutes one of our greatest social problems, and every encouragement should be given to efforts which are made to improve the present system. Another matter, connected with law enforcement, was brought to the attention of the public at the recent meeting of the Canadian Bar Association. It was pointed out at this meeting that there is now no means of providing counsel for indigent prisoners or others who for various reasons are unable to retain the services of a lawyer when they are brought to trial. The state, however, retains a prosecuting attorney who is paid to gather facts and present cases against those who are accused.

State Should Provide Lawyer

Members of the Bar Association expressed the view that, although judges are usually compassionate in cases where a prisoner has no counsel, and frequently lawyers give their services without charge to those who cannot afford to pay, there are frequent cases of injustice which would not occur if counsel was available to all who needed it. It has, in the past, been suggested that the state should retain defending attorneys as well as prosecutors, and that it should have the same interest in defending the innocent as in convicting the guilty. While neither judges nor lawyers have the power to remedy this situation, it is apparent that this is another matter in which there is need for reform, and for the spending of public funds in the interests of indigent citizens who come in contact with the law.

Labor Survey Shows Canada At High Peak

OTTAWA.—Canadian employment has hit another new peak. In its 12th quarterly survey of the country's labor force, the Bureau of Statistics estimated that 5,042,000 persons were working in the first week of September.

That's the biggest number ever to hold jobs in Canada. It was a boom of 24,000 from a year previously. And, at the same time, the Bureau estimated the number of unemployed had dropped to 67,000, representing decreases from last year and the year before.

Of those employed, the Bureau calculated 3,922,000 were men and 1,100,000 were women.

The figures are based on a cross-section survey of about 50,000 households. The labor force is made up of civilians of 14 and over who have jobs or are looking for work.

Lake Okanagan Dropping For First Time Since Spring Flood

KELOWNA, B.C.—Government engineers are keeping their fingers crossed and hoping Lake Okanagan can be lowered another three feet before the 1939 frost.

The lake has dropped below the agreed maximum of 102.5 feet for the first time since Mission Creek and other valley streams flooded last June.

The drop came after 147 days of flood conditions.

Engineers have removed the lip of Okanagan Falls and straightened the Okanagan River bed south of Penticton to reduce flood conditions. Now they will try to lower Shuswap Lake a foot to increase the river's flow and allow more water to flow over Penticton dam.

Action on the special flood control committee report was promised by R. D. Broome-Clayton, Coalition candidate in the Nov. 29 by-election. The Okanagan fruit grower told electors he will work for the implementation of the report.

MOMENTARY SHOCK

MEDICINE HAT, Alta.—Fast-free Medicine Hat had a momentary shock when someone brought a small, furry corpse to Health Inspector James Henderson. The tension eased as experts examined the animal and pronounced it a muskrat.

Many Farmers To Sow New Strain Of Wheat Next Spring

OTTAWA.—Thousands of western Canada farmers will seed the rich, prairie wheatlands next spring with a new bread grain variety which promises to yield bigger and better crops and increasing wealth for the grower. The variety is Saunders wheat, a new strain developed at the central experimental farm here, which matures earlier than other varieties, produces a larger yield per acre and is resistant to many common wheat diseases as well. It also has fine milling and bread-making qualities.

Its name comes from two Saunders famous in the experimental farm services—the late Dr. William Saunders, first director of the Dominion-operated service, and his son, the late Sir Charles Saunders, first Dominion cerealist.

No Saunders seed will be distributed.

MANY EUROPEAN FIRMS CLAMOR TO ENTER CANADA

CHATHAM, Ont.—Canada is just swinging into its real postwar boom and there are fatter days ahead. That's according to G. D. Malloy, of Ottawa, director of Trade & Commerce Dept.'s year-old industrial development division, in a recent statement while visiting here.

"The United States has had its turn and our chance to make hay is emerging," he said, reporting "hundreds of European firms clamoring to enter Canada."

EXILED PRINCE GETS HIS DREAM RANCH

CALGARY.—Long cherished dream of an exiled Romanian prince to own a ranch in western Canada has been realized. Prince Constantin Soutzo of Sutez, Romania, disclosed he had purchased the 8,900-acre Ricardo ranch 19 miles southwest of Calgary from P. Burns Ranches Ltd.

ENOUGH CANNED PEAS

OTTAWA.—A plentiful supply of canned peas is assured for Canadians this year. The bureau of statistics estimated the 1948 commercial pack at 7,839,997 dozen cans, an increase of 2,077,542 over 1947.

LUMBER SITE SOUGHT

EDMONTON.—Another group of eastern financiers plan to acquire timber rights and a site for a \$20,000,000 mill, it was learned here.

NOW HAS \$116,770 — Financial notes of an 11-year-old: Little Margaret O'Brien increased her net holdings by \$18,530.86 in 1947 — from \$98,239.47 to \$116,770.33. An accounting given superior court by the mother of the young film actress, also said that Margaret's income last year was \$193,848.20, but expenditures totalled \$175,317.34, including \$68,698.97 for income tax.—S.N.S. photo.

Will Happen In Best Of Families

The Maple Creek News and Swift Current Sun have been crying over their respective typographical errors, which happen in the best of families.

The Sun has been taking a ribbing for reporting somebody in Swift Current received a "cost of loving bonus."

The News said that was nothing. It once reported a Maple Creek man was seen going down the street with a "travelling hag."

The name Frank means "free".

GRAND LINE-UP of three-year-old Ayrshire cows in milk at Rockton World's Fair, with the judge, P. D. McArthur, in the centre, and the reserve grand champion at right.

RAID ON HOUSE, NETS POLICE SEVEN PERSONS, SIX GUNS—Trapped in a raid on a Toronto home with four men and another woman, Viola Philipson, (left), and Mrs. N. Sullivan, are shown here. The raid uncovered arsenal of six guns. Five revolvers, three of them loaded, and one rifle were found by police, after they battered down door of house. Guns and ammunition are shown. S.N.S. photo.

GEESSE HELP OUT—Raising geese is only one of the many methods used by the housewife to help meet the increased costs of living in the Caledon district of Ontario. This flock was found by a photographer swimming on the farm pond, despite the fact the farm home had been destroyed by fire barely eight hours before. The flock is owned by Geo. Stull, Caledon farm manager, and recent immigrant from England who with his wife lost their all in the blaze. The snap was sent in by Mr. W. E. Gery, Weston, Ont.

TO BE "PROXY BRIDE"—On her way to England, where she is to be a "proxy" bride, is Mary Therva Walters, 23, of Montreal, P.Q. Born an orphan, Mary has just recovered from a three-year illness during which time she carried on a correspondence with a U.K. soldier that has culminated in a romance. S.N.S. photo.

A TIDIO OF BLONDE BEAUTIES—Betty Hutton, screen actress whose zany antics helped set a London stage record, practically exploded across an ocean and a continent at the conclusion of her overseas engagement to keep a much more important one at Hollywood. It was with her two blonde daughters, Lindsay Diane, two, (right), and Candice, five months, both of whom mama left behind when she accepted the English booking. Needless to say, it was a happy reunion. Incidentally, this is the first time Betty has been photographed with her little daughters. S.N.S. photo.

MOVIE STARS ROBBED BY "CELLULOID BURGLAR"—Gene Tierney is one of the many movie stars and other celebrities said to have been robbed of "hundreds of thousands of dollars" worth of jewels by a man held by the New York police. S.N.S. photo.

BIGWIN INN HAS NEW OWNER—Bigwin Inn, one of Muskoka's beautiful summer resorts, which is situated in Muskoka, has been purchased by Frank S. Leslie, a Toronto broker, from the Candy Hotel chain. As new owner, Mr. Leslie has already taken possession and is making preparations for opening next June. Above is Frank Mastermuck, who has been winter watchman for the hotel for the past 24 years. S.N.S. photo.

ESCAPE OF BEAR ENLIVEN'S SEA VOYAGE—Two keen-eyed gunners on the Norwegian freighter Topdalstord ended the life of a snarling 500-pound polar bear loose on the ship's decks while she was far at sea, but not before the growling animal had given the four passengers aboard several anxious moments. One of five bears bound for New York zoo, the animal managed to scratch its way out of the four-inch wooden cage slats and after dark made its escape on to the deck. Failing to trap the animal in a cage Captain Kristensen ordered the bear shot. Two officers fired several rounds at the snarling polar bear. Third officer Eghland Bjorn finally hit it in the head. Above crewmen and passengers admire bear's rot. S.N.S. photo.

COMMERCIAL FISHERMEN ANGRY—The ban on fall fishing in the southern part of Ontario's Georgian Bay will put many commercial fishermen out of business and will help nobody but the suckers, fishermen at Meaford, Thornbury and the Owen Sound area charged. For years the department of game and fisheries has been taking spawn from Georgian Bay waters and shipping it to all parts of Ontario. If some of the spawn went back to the bay there would be no shortage, they claimed. Above, an idle fishing tug is shown at Collingwood, Ont., with pleasure boat in foreground. (S.N.S. photo)

BOOTS WILL MATCH KNOITS WITH THE MEN—Girl racing driver Boots Kaye Murphy is all set for the four-day world speedboat regatta at Salton Sea, Calif. A leading contender, Boots is about to launch her Shooting Star on the water course, scene of many world record runs. (S.N.S. photo)

FRAGMENTS OF INDIAN POTTERY are examined by Paul Langa, of Jersey city, N.J., a student at Hamilton college, and Janet Parker, University of Toronto. Each member of a digging squad is assigned to a five-foot square area in a farmer's tomato patch. S.N.S. photo.

PRINCESS MARGARET AS BRIDESMAID—Princess Margaret is shown as she goes to Londonderry House to attend a wedding reception for Lady Margaret Edgerton. The princess was a bridesmaid at the wedding of Lady Margaret, lady-in-waiting to Princess Elizabeth to John Colville, Royal Secretary. (S.N.S. photo)

Blairmore's School Strike Now All Over

Board Chairman Resigned
Position; Principal McPherson
Blamed Strike on Apathy
of Ratepayers.

Blairmore's high school strike, which gave the town much unfavorable publicity, is over. On Wednesday, Nov. 3, the students took a vote on whether or not they would return to their classes, the result was two thirds in favor of the classroom one again.

Reason for the strike was said to be obsolete school equipment and dirty windows.

A special school board meeting at which 300 ratepayers were in attendance heard many arguments put forth. Following is a report of the meeting from a Blairmore correspondent:

A promise of immediate action by Blairmore school board to set up a temporary lighting system and rectify conditions generally at the main school will be voted on for acceptance by 65 striking students at a mass meeting in the United church auditorium today at 10.30 p.m.

Over 300 townspeople and students attended a special school board meeting held in a dimly lighted double room of the high school Tuesday night.

The town municipal offices were abandoned, due to lack of space, and attempts made to rent a hall failed.

Extension Light

Students and townsmen packed into the upstairs room in the school and an extension light was tacked up in front of the room.

"We are sadly disappointed," Ludwig Margatak, president of the Students' Union, said at the conclusion of a three hour meeting. "Nothing definite has been done, and nothing definite has been promised."

He advised students to get a definite answer from their parents Tuesday night for the vote this morning. "We will not go back until our parents tell us to go back."

Frank Morgan, school board member, blamed conditions at the school on a Coleman contractor who has not fulfilled his contract awarded July 14.

Other speakers blamed the condition of the school on the apathy of Blairmoreites. A committee of four chosen at the meeting and including ratepayers was chosen to report on progress at the school within a month and to attend all school board meetings.

Donald McPherson, principal of the school, said "I do not condone the methods the students took. I think the whole thing rises out of the apathy of the people of Blairmore."

Miss Seilon, another high school teacher complained about conditions in the student's laboratory known as the "Tim Buck Baths," because Tim Buck opened the shower rooms and gave a speech on education some years ago.

"It is not only the wiring in this building that needs attention. The ventilation is bad. The only way we can get ventilation is through a door. I do not see why this school should be the worst school in the Pass," she said.

"If a child faints in this room there is not even a couch to put her on. You have to leave her on the floor. I think the town of Blairmore is responsible as well as the school board."

High school teacher W. Gallep said, "progressive education means that we have progressive facilities. Even the smallest school in the province has a projector of some sort. That is only one of the things we have been missing for years."

Physical training classes are held outside the school on the cinders, Murray Smith, new physical education instructor and teacher in mathematics and science, told the meeting.

Dalbert Ennis was appointed independent chairman early in the meeting.

Letter To The Editor

Editor, The Journal,
Sir:

It has become generally known and appreciated throughout Canada and the United States that the Order of the Knights of Pythias, through their Youth Commission on Child Welfare, have sponsored and conducted public speaking contests for the past few years open to all high school students in both countries.

It has proved such an outstanding success in receiving support from students and parents far beyond their expectations that they have decided to enlarge the scope of their Welfare Work by sponsoring an essay contest. This program, as does the public speaking contest, comes under the supervision of the Youth Commission and is as follows:

Subject

The True meaning of "FREEDOM."

Prizes

Grand Prize	\$250.00
Canadian Prize	125.00
American Prize	125.00

Rules

Any boy or girl without regard to race, color or citizenship, born on or after Sept. 1, 1930, may compete.

Essays must not exceed 300 words and must be typewritten or in legible handwriting on one side of paper only.

Every essay must bear the name, address and birth date of author.

Contestants will submit their essays to the secretary of the nearest lodge of the Knights of Pythias.

Essays must be submitted on or before May 1, 1949.

All essays to become the property of the Supreme Lodge Knights of Pythias.

The Youth Welfare Committee of each lodge with the help, if available, of the English class of the high schools will select the best essay submitted to the lodge and forward it to the Grand Secretary. This must be done on or before June 1, 1949.

The Grand Chancellor and Grand Secretary, or a special committee appointed by them, with the help of the English class of a reputable high school or college will select the best essay in that Grand Domain and forward it to the Supreme secretary. This must be done on or before July 1, 1949. By July 15, 1949, the Supreme Secretary will submit all essays to the Youth Commission of the Supreme Lodge, Knights of Pythias, and they will select the best for the Grand prize.

Out of the remaining essays they will then select the best reported from a Canadian lodge and the best from an American lodge. Winners will be announced on or before Sept. 1, 1949.

Our schools being comprised of what might be termed a Cosmopolitan group the introduction of such a subject at the present time, in view of the unsettled state of the world today, is not only timely but of the utmost importance and the students should receive every encouragement to study it so that they may learn the true meaning of Freedom and all that it stands for.

The Youth Commission wishes it to be understood that this is being offered experimentally. If the response from the students and their teachers is sufficiently encouraging the Knights of Pythias will offer an enlarged essay contest for 1950 with more attractive prizes.

If the students are interested and desire further information the undersigned is available at all times and will be only too pleased to supply it and at the same time give them every encouragement possible.

Yours truly,

D. Gillespie, Secretary
Sentinel Lodge No. 25 K. of P's
Coleman, Alberta.

NERVE WRACKING

Did you ever attend a meeting at which one of the speakers at the head table chews gum unceasingly hour after hour? We did recently and to say the least it was nerve wracking. To make it worse the meeting lacked pep and between listening to uninteresting reports and having to watch a gum chewing addict the evening was anything but pleasant.

Men in office who sit at a head table and give verbal reports on their stewardship of an organization should "wise-up" that gum chewing is most distracting to listeners.

REMARKABLE SKILL is used in blending Maxwell House Coffee. Choice Latin-American coffees are expertly combined in the wonderful Maxwell House blend to ensure the very peak of flavor and goodness.

SPORTSMANSHIP!

In the world of Sport one learns to give and take, to be a good loser as well as a good winner.

A true sportsman never expects to be constantly receiving and never giving a fair share back in return.

SO IT IS IN INDUSTRY with Management and Labor. Each has to give and take in order that the wheels of industry keep turning in the interests of all.

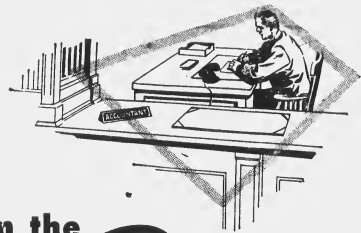

Production depends on a fair day's work for a fair day's pay . . . that is true sportsmanship.

From the
Bottom
...not the top

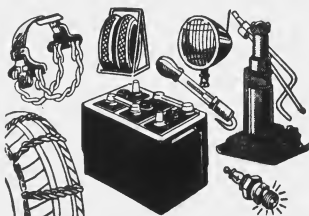

HE started as a junior. He moved around. He moved up. He learned a lot about banking, about Canada, about people. He is still climbing, still learning a job which is not mastered in a day . . . or a year.

He has learned, for instance, that in making loans, a bank manager must satisfy himself that the borrower would merit your confidence if you were lending *your own* money.

At the same time he welcomes opportunities to put money to work. Loans are part of his business, and an important source of revenue. They help people get along, help build a prosperous, progressive nation.

Contrast his freedom of judgment with conditions in lands where freedom is denied—where every bank is a political tool, every banker a State official! State monopoly of banking, proposed by Socialists here, would open your banking transactions to political intrusion.

Coleman Meat Market for the Freshest and Choicest of Meats

The Coleman Meat Market, under the management of the proprietors, Messrs. George Misura and Steve Ryplen, is fast becoming a favorite shopping centre, where one is assured of receiving the freshest and choicest of meats obtainable. They have developed an enviable reputation for service and quality. Here one may buy their favorite cut of meat with the added assurance that it is the best to be had. The market itself is kept scrupulously clean and sanitary throughout. All pure food laws are met in a most satisfactory manner, and the meats are held at just the right temperature in its refrigerating plant. The service is

prompt and efficient at all times. The salespeople are pleasant and courteous, always greeting the customer with a smile, and glad to make a suggestion if one is in doubt as to what to purchase. If one is not familiar with the various cuts of meats and their relative values, any employee at this popular meat market will gladly explain them.

Messrs. Misura and Ryplen have had many years experience in this business, and are fully conversant with all its problems. They offer a service that is second to none throughout this district, and prices are no higher than elsewhere.

FOUND YOUNG MOOSE SHOT TO DEATH

The Forest Ranger and his assistants, ever vigilant against illegal travel and shooting in the forest reserve are endeavoring to track down the party guilty of shooting a young moose to death in the Blairmore district on Saturday.

While patrolling the forest north of Blairmore a patrol heard a shot and seen at a distance the men responsible. The patrol hurried to the scene and found a young moose shot dead but the culprits had disappeared.

ed. The Crows Nest Pass Forest reserve is still closed to travel and therefore closed to hunting.

There is no open season on Moose and therefore should the killers of the young moose be caught they must certainly will face a stiff penalty.

During the past many years the true sportsmen of the Pass have agitated for game wardens in this area who would be constantly be on their toes against illegal shooting of big game. Here is an instance where these

sportsmen can help their wardens by trying to track down the irresponsible killers of this young moose.

GRANDS HAVE HOCKEY PRACTICE

On Sunday morning those players aspiring to positions on Coleman Grands hockey club travelled to Bellevue for the first practice of the season.

Irvin Frew is the coach and sent the players through their paces. Despite the lack of an organized league it is hoped that this winter will see the best hockey played here in many years. This can be brought about by the local club bringing in good clubs from other parts of Alberta and B.C. in addition to the Great Falls club.

Grands will get in sufficient games to keep them in trim for the provincial intermediate play-offs and get another crack at the western Canada intermediate title.

NEW SENTINEL PLANT SUPERINTENDENT

Mr. Jack Penn, formerly of Medicine Hat, has been appointed superintendent at Sentinel Power plant succeeding Mr. Bert Jamieson, now of Cammore.

Mr. Penn has already started his new duties and his family have taken up residence at Sentinel.

It is nine years ago since Mr. Penn was last at Sentinel in an official capacity and he is well acquainted with a number of Pass citizens.

MRS. E. GUSHUL'S BROTHER-IN-LAW KILLED IN PLANE CRASH

Last Tuesday evening Mrs. Evan Gushul received the sad and shocking news that her brother-in-law, J. C. Haley, of Calgary, had been killed in a plane crash that evening. Mrs. Gushul and her husband left for Calgary on Wednesday morning's train. Mr. Haley was president of the Haley Oil Supply Company of Calgary.

The plane crash took place near Crossfield and also claimed the life of pilot A. Lloyd Harrison, 28, of Calgary and seriously injured C. C. Cross, one of Alberta's leading independent oil promoters.

I WANT TO KNOW

Am I
too old to buy
life insurance?

The middle-aged man who asked this question feared that at his age the cost of life insurance would be prohibitive... but even were he much older, Mutual low-cost life insurance would still prove good business.

Unfortunately many people realize the importance of life insurance only when through age or other disability they are no longer able to secure it. A life insurance programme should be started as early in life as possible.

Consult your Mutual Life of Canada man today.

Constable William Shields R.C.M.P. Resigns From Force

Constable William Shields, highly respected and popular member of the R.C.M.P., Blairmore detachment, has resigned from the force effective November 30, and will go into business with his father-in-law at Vulcan, the latter having a farm implement store.

Constable Shields is well known in Coleman where he has been a member of St. Paul's United Church and has been instrumental in organizing the library which was originally housed in the church club rooms. He has taken an active interest in Pass youth and has constantly encouraged them to take part in youth organizations which have for their objective the development of good Canadians.

In launching into a business career Constable Shields' Pass friends join in wishing both he and Mrs. Shields the very best of luck.

PYTHIAN SISTERS NOTES

A meeting of the Past Chiefs, Pythian Sisters, was held at the home of Past Chief Ethel Kostelnik on Tuesday, Nov. 3. Following the business session whist was enjoyed, winners being P.C. Ethel Kostelnik and P.C. Mary Ferguson. A special prize was won by P.C. Ada Cousins.

A dainty lunch was served by

the hostess assisted by P.C.'s Evelyn Hopkins and Nora Goulding.

Three birthday gifts were presented by P.C. Nora Goulding, on behalf of the group, to P.C.'s Mary Balloch, Ruth Derbyshire and Ada Cousins.

FIRE AT INTERNATIONAL TIPPLE LAST WEDNESDAY

At 4:30 p.m. last Wednesday citizens heard the fire bell clang to inform all and sundry of a fire. Two minutes later the fire truck and crew were seen speeding in the direction of International Tipple where fire smoke was seen emanating from one of the top stories of the tipple.

The hot air dryer is said to have overheated igniting either the grease or oil on the bearings. A few flames and much heavy smoke filled the building. The quick work of nearby employees plus the fire brigade had everything under control in short time. It is stated that some nearby machinery suffered damage.

EATING to rave about

ECONOMY to boast about

It's the PURITY "WHITE CHRISTMAS" CAKE

"WHITE CHRISTMAS" CAKE (serves 12-14)
1 pound butter
1/2 pound chopped mixed peel
1/2 pound green glass cherries
1 cup sifted Purity Flour
1/2 cup shortening of other mild
oil
1/2 cup brown sugar
1 cup granulated sugar
1 cup almond extract
1 cup granulated sugar
1 cup
2 1/2 cups sifted Purity Flour
4 teaspoons baking powder
1/2 teaspoon salt
1 cup sweet milk
2 ounces blanched almonds (optional)

Prepare fruit and peel and mix well. Sprinkle with one cup of sifted Purity Flour. Stir until all fruit is well coated with flour. Cream well butter, add sugar, cream well until quite soft, add shortening and almond flavouring. Gradually add sugar and beat until mixture is light and fluffy. Beat eggs until foamy and add gradually to the creamed mixture, beating thoroughly. Mix Purity Flour, baking powder, soda salt, 3/4 or 4 times. Fold in ingredients alternately with milk. Making 3 or 4 additions. Fold in fruit mixture and mix until well blended. Line deep cake pan with well-greased paper. Spread the batter to carefully. Bake in a 350° F. oven for 1 1/2 hours. Allow baked cake to set for 15-20 minutes before removing from pan. For this recipe use a deep 10-inch square cake pan. Score the cake for a few days to ripen before cutting.

For holiday baking... and everyday baking... go right on using Purity Flour. It makes wonderful cookies, pies, cakes, buns, bread... it makes wonderful everything.

Provincial Fire Inspector Reports On Local Conditions

Mr. Leyland, provincial fire
and insurance inspector, paid an
official visit to Coleman three
weeks ago to inspect the schools
and business section.

Fire Chief Antle, in reporting
Mr. Leyland's visit to council,
stated:

"All main buildings were in-
spected.

"We went through the schools
and had fire drills in both pub-
lic and high. The buildings were
cleared of pupils in approxi-
mately 40 seconds and in a very
orderly manner.

"Cameron school should have
three fire extinguishers install-
ed. That building and the door
leading to the fire escape on the
north end of the building
should have panic bolts on
them. The fire escape should be
covered so that it can be used in
winter as water dripping from
the roof freezes on the steps
making the fire escape useless
in the winter time."

Caught In The Act

Over a period of weeks it has
been the practice of a number
of youngsters, particularly on
First and Second streets to
knock on neighbors' doors and
then run and disappear in the
darkness.

On Sunday night one torment-
ed householder lay in wait for

**WARNING! Roasting
makes all the difference in
coffee.** Maxwell House is
"Radiant Roasted" ... a
remarkable process that
roasts every bean evenly all
through — captures every
atom of rich coffee good-
ness.

the culprits and when they
knocked on the door was upon
them before they could run for
it. Chief of Police Antle was
called and had a dozen boys in
his office to hear what they had
to say for themselves. They all
promised that it would not hap-
pen again and that in the fu-
ture they would "be good".

Given a stern warning by the
Chief the boys tramped home
sadder and wiser and sincere in
their promise to "be good".

Christmas Seal Sale Objective Set At \$125,000

The 1948 Christmas Seal cam-
paign must realize at least
\$125,000 in Alberta, according to
E. H. Read, Drumheller, presi-
dent of the Alberta Tuberculosis
Association, in order to carry on
the many anti-tuberculosis ac-
tivities of the group.

Mr. Read said, "Funds raised
through the sale of Christmas
Seals help pay for health educa-
tion, for mass X-ray surveys,
nursing services, vocational
training and rehabilitation of
the San patients, post-graduate
training for doctors, medical
scholarships, research and many
other preventive measures."

The Seal sal this year opens
on November 15th, and it is
hoped that the objective will be
reached by Christmas. Last year
\$116,000 was raised by this
means, but all activities have
been stepped up and new under-
takings have been made, mostly
in the case-finding and educa-
tional fields.

In Lethbridge and district,
the Christmas Seal sale is spon-
sored by the Kinsmen Club, and
the 1948 objective is \$12,500.
George Draffin is chairman of
the Seal sale committee of the
Lethbridge Tuberculosis Associa-
tion. Contributions may be
sent to Christmas Seal Office,
Stafford Block, Lethbridge. They
are allowable income tax de-
ductions and receipts will be
sent on request.

WORLD HAPPENINGS BRIEFLY TOLD

The United States army has started free, twice-a-week instruction in Russian for all Americans in Berlin.

Fire gutted the cosmic ray laboratory of the university's physics school at Melbourne destroying the results of two years' research.

France and the United States have signed an agreement to spend up to \$1,000,000 a year for the exchange of professors and students.

The Italian Senate approved expenditure of \$451,720,000 for defence—14 per cent of the national budget. The appropriation was opposed by the Communist party.

Radio sets made from saucers are being produced in Britain for use in African territories, the London conference of the African legislative councils was told.

High Canadian price for a Holstein bull this year, a five-month-old Elmcrest Heritage recently was sold by Elmcrest farms, Oshawa, to Dr. Antonio Ulchi of Uruguay for \$9,400.

Winston Churchill, Leon Blum of France and premiers Paul Henri Spaak of Belgium and Alcide de Gasperi of Italy have accepted leadership of the European movement, an organization to promote the unity of Europe.

KITCHEN MEDITATIONS

Kitchen Thanks

By JANE DALE

I thank Thee for the fuel I burn
And for my glowing range.
Without its comfort and its warmth,
My kitchen would seem strange.

I thank Thee for the cooking pots
And all the food they hold.
For service and utility
They're worth their weight in gold.

I thank Thee for the table strong
And for each well worn chair.
My children sit around the board
To ask a blessing there.

I thank Thee for the wisdom, Lord,
To use these gifts each day.
So that my loved ones, warm and fed
May journey on their way.

United States Has More Gold Than Any Other Country

WASHINGTON.—The United States Government's mounting gold pile appears on the verge of topping the \$24,000,000,000 mark, after rising about \$1,700,000,000 the last 12 months.

The most recent report showed \$23,996,109,474.59.

Never before has any country ever had so much gold. The United States board represents over three-fifths of the world's known supply.

The Russians are believed to have the second biggest store, yet their holdings are estimated at only one-tenth those of the United States.

ROYAL EXCEPTION

The only exception to the law requiring at least one surname on official documents in England is the royal family, who sign only their baptismal names.

:: Community Laying Nest ::

CROSS SECTION AND INSIDE OF END.

FLOOR LEVEL.

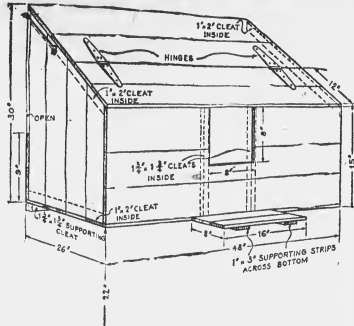

Diagram showing details for construction of a community nest.

The community laying nest for poultry houses is perhaps one of the latest developments in poultry farming. We are showing a nest such as is used by the Poultry Department at Macdonald College at the present time. Dimensions of the nest are shown clearly in the drawing and a nest of this size will take care of the requirements for 40 hens.

For 250 hens it is likely that six of these nests would be sufficient. The nests are placed 22 inches above the floor.

The nests are built of matched lumber, the construction being of the end frame type. That is, the ends are made up first with cleats along the top and bottom edges, the top and bottom boards being nailed to

these cleats rather than into the end grain of the boards in the ends of the nests. The nests are set on 1 1/2 inch square blocks nailed against the wall of the house or against the partition between pens, and the upper ends are fastened to the wall by means of heavy hooks. Angle brackets of steel also could be used for holding them against the wall, fastened by means of wood screws.

Search For Oil Near Stettler

CALGARY.—The search for oil is going ahead again near Stettler, Alberta town about 90 miles northeast of Calgary and the same distance southeast of Edmonton.

Every dry hole adds to the store of knowledge and may help point the way towards discovery. With that in mind, backers of the new drilling are going midway between two 12-mile apart failures drilled the past year, following up the Devonian information gained from those holes.

One failure, Gulf-Jerard, found porosity, a show of oil and lots of water in the equivalent of Leduc's D2 zone.

Now comes Piccadilly-Inter-Leduc-Stettler, to be drilled nearby between, in the hope that a pinch-out of D2 porosity will yield oil, and that D3 will be produced at a high enough level to yield production.

Backers of the new well, about 10 miles southwest of Stettler town, are Piccadilly-Porcupine Gold Mines of Toronto and the Interdecade Oil Syndicate, in which Interdecade oils holds 70 per cent, and British Dominion Oil, Mid-continent Oil and Gas and others 30 per cent. The well is on some 18,000 acres of Canadian Gulf Company rights, and that company will share in any production obtained.

AUTOMATIC SYSTEM HAS SPEEDED UP PRODUCTION

TORONTO.—About 60 years ago, when the first canning of fruits and vegetables in Canada was being attempted, camera made their own cans by hand at the rate of about 60 a day for an "expert". Today, according to the American Can Company, an automatic "can line" turns out upwards of 100 tin-plated steel containers a minute, the equivalent of about a quarter of a million in a 10-hour day.

RESIGNS FROM ATTLEE PARTY

Ivor Thomas, 43-year-old former junior minister, looked on by observers as a coping man in the British government, resigned from the Labor party in protest against government policies. Thomas said he was forced to resign because of the government's determination to proceed with the parliament bill to reduce powers of the House of Lords and the measure to nationalize the iron and steel industry.—S.N.S. photo.

GEMS OF THOUGHT

DESIRES

Happiness consists in the attainment of our desires, and in having only right desires.—Augustine.

A wise man will desire no more than he may get justly, use soberly, distribute cheerfully, and leave contentedly.—Richard E. Burton.

Our nature is inseparable from desires, and the very word desire—the craving for something not possessed—implies that our present felicity is not complete.—Thomas Hobbes.

There is nothing capricious in nature; and the implanting of a desire indicates that its gratification is in the constitution of the creature that feels it.—Emerson.

Desire is prayer; and no loss can occur from trusting God with our desires, that they may be moulded and exalted before they take form in words and in deeds.—Mary Baker Eddy.

Therefore I (Jesus) say unto you, What things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them.—Mark 11:24

Pasteurized Milk Is Safe.

LITTLE REGGIE

PRISCILLA'S POP—It's Fun To Raise Children

HEALTH

VD Blood Tests Said Worthwhile

In the belief that routine blood testing for syphilis on all hospital patients would prove to be a worthwhile effort, the Social Hygiene Committee of the Health League of Canada suggests it might be advisable to ask the various provincial authorities to bear the financial costs involved in such routine testing.

A survey, recently completed by the Health League, reveals that only 29.97 per cent of Canadian hospitals replying to a questionnaire dealing with blood testing do routine tests on all patients admitted to hospital.

Out of 553 hospitals polled, 453 replied to the questionnaire.

Twenty-three hospitals reported they did routine on all public ward patients only—57 tested obstetric patients only—23 did routine cord Wassermanns.

Eighty-seven of the 95 which reported routine tests on all patients also revealed the percentage of positive tests which turned up as a result. For instance, 27 reported positives were below one per cent. 30 stated they ranged between one and two per cent, 17 revealed two to three per cent, were positive, while 13 reported their positives were over three per cent. One of Canada's largest hospitals reported positives ranged around 7 per cent.

In view of these reports, the Health League of Canada is strongly of the opinion that blood tests for syphilis should become routine in all hospitals—enough hidden disease will be discovered to make any financial outlay worthwhile.

ALBERTA'S LARGEST CO-OP

CALGARY.—Alberta's largest co-operative business organization, the Alberta wheat pool, is celebrating its silver anniversary. Founded in 1923 by a group of farmers in an effort to find a solution to dropping wheat prices, the pool has grown to an organization with a yearly cash turnover in excess of \$50,000,000 and a staff of 70 employees.

TO FIT THE CRIME

LONDON.—George Hollis, 45-year-old laborer was fined 40 shillings (\$8) for smashing a plate on the head of his daughter Elaine, aged eight, because she dropped and broke an egg. Current egg ration in Britain is less than one a week per person.

Professor Stresses Importance Of Preserving Canadian Farm Home

By JEAN LOVE GALLOWAY

Central Press Canadian

OTTAWA.—"If we are content to have our own boys and girls drift into town and replace them by the peoples of other lands, we betray the future of our Anglo-Saxon and French-Canadian race," declared H. S. Arkell in an address to farm women at the 33rd convention, Eastern Ontario Women's Institute, held in the Chateau Laurier here.

Mr. Arkell is a former professor at the Ontario Agricultural College, Guelph, and before his retirement to a Britannia Heights farm was Dominion livestock commissioner.

He pointed out that present farm problems cannot be solved until labor comes back to the farm, and he attacked the present policy of bringing European immigrants in to fill this need.

Canada To Seek Iron, Scrap Steel

OTTAWA.—F. K. Ashbaugh, steel controller, says a critical steel shortage has forced Canada to start a trek for iron and steel scrap in the junkyards of the world.

Negotiations are being made in Hong Kong, Singapore, Australia, Japan, South Africa and Germany to buy whatever is available.

So dark is the picture that all Canadian industry and construction, with the exception of housing, is feeling the pinch, Mr. Ashbaugh said recently in an interview.

Biggest news for Ontario is that a \$15,000,000 blast furnace may be built in that province. One location under consideration is Saint Sault, Marie.

The government is prepared to shoot the works on costs. A cabinet spokesman told the Canadian Press the government is willing to subsidize steel-construction costs.

GIFT FROM CANADA

OTTAWA.—Fisheries Minister R. W. Mayhew announced in Ottawa displaced Arab and Jewish refugees in the Middle East are to receive 40,000 cases of east coast canned herring as "a gift from Canada".

"Our farm homes are the nursery and the birthright of our Canadian people," Mr. Arkell said. "Change or destroy them and we change or destroy the things in Canada that we hold most dear."

Pointing his finger at about 500 W.I. delegates, the speaker challenged them: "Think back upon your own farm home where you were born and grew up. It was there you learned the way of nature and the life of living things. It was there you learned the love of the land and the friendship of neighbors. It was there that you learned the call of work and obedience to duty."

"It was on the farm that you learned the sacrifices of parents to rear and educate their children. It was there you learned the comfort of a wood fire as the family sat together round a coal oil lamp in the quiet of evening. It was there you learned to know the Bible as the treasure house of human spirit. It was there you learned to believe in God."

Mr. Arkell stressed the importance of preserving the Canadian farm home. "Train your children to know what it means. See to it that men are sent to our parliaments who are committed to build policies that will preserve that home. Fight for it until public opinion acknowledges its worth. In no better way can farm women build a Canada that can help prevent the threshing of the world."

LAST SINGLE LOOK

HAMPRESTON, Dorset, England.—So that the bride may have a last look to see that everything is correct for her "big day," the rector, Rev. E. H. Monks, has appealed for a full-length mirror in the porch of the parish church.

Weekly Tip

RINSE FOR RAYONS
When washing rayon dresses, add three tablespoons of vinegar to rinse water—it will remove all soap scum as well as leave the colors bright and clear.

OUR COMPLETE SHORT STORY—

THE WINNER?

"A Teacher Must Be Dignified At All Times"

By JESSICA CALLOW

THE Varraltee town council had convened to discuss the problem of repairing the bridge that spanned the creek running between the townships of Varraltee and Barracombe. The much-used bridge was a definite short cut for dwellers on both sides. However, only one board of the original bridge remained and this, be it noted, was six inches under water.

Letters of complaint were beginning to come in. The mail man had got his feet wet. His attack of "flu" and subsequent disarrangement in delivery of ever-important mail due to the negligence of those whose duty it was to fix the bridge.

The teacher's feet were wet night and morning, pupils' wet feet disrupted the classes for half an hour each morning whilst stockings were dried over the register. Someone else could not buy rubbers anywhere and was fast running a five-dollar pair of shoes. Please, couldn't something be done by the council?

There was the stumbling block that each township considered it the other's obligation. The teacher's wet feet particularly bothered Roy Mansfield of Varraltee. On the other hand Myron Hilday was inclined to be flippant about all the wet feet mentioned.

"Why can't the teacher take a run at it?" he said. "I could jump it easily myself with her in my arms." He looked at Roy with a twinkle in his eyes.

"Rubbish, a teacher must be dignified at all times." With a snort Roy picked up another letter and thrust it under Myron's nose who in turn pushed it under the nose of his neighbor after fuming it for a couple of minutes.

"The mail man then, what's the matter with him wearing his long rubbers and wading a bit. That water goes down later on in the season."

"Humph, he'd need a diver's suit. Says he'd get one if his pay ran to it. Anyway, he slipped in once and got some letters wet. Been the very dickens to pay over that."

"Well, the school children, about then. Now wait, you don't need to tell me a thing. You won't keep kids

out of water no matter if we put up a dozen bridges."

"I think," said Roy, still remembering the teacher, "that we should fix the bridge."

"We fixed it the last time, it's getting to be a habit."

"D'you know what it'll cost?" chimed in Tom Deering as he drew out his pen.

"With wood the price it is, and I'll tell you it's got to be built up at either end this time, it's a waste of time and money setting it low to get washed out again. I'll cost, lemme see—"

Tom began to scribble laboriously on an envelope.

"Never mind it, Tom," drawled Myron, getting up and walking round with his hands in his pockets. "I think we shouldn't decide anything for a day or two at least. Let's walk down by the horse shoe pitch. I got a letter to post."

"Oh, you and your horse shoes." Roy flared up for a minute. "You're getting to be as bad as Barracombe's Bob Spaulding. Only difference is, Bob's a good councilman. Why can't we get this settled?" Quite unflustered, Myron got out his pipe and blew a cloud of smoke towards the ceiling.

"Sooner than you think, my boy. Just a little patience, old chap, and I'll bet you, yes I'll bet you a box of cigars to a new pipe that Barracombe will fix the bridge."

"Ha, you're on and don't say you didn't remember my brand. Barracombe will never do it."

"I need a new pipe," said Myron. "Be here Wednesday, I'll have something to show you. And say, I want to borrow a few pairs of bedroom slippers. I only got one pair."

"One pair at a time is enough for most folks," said Roy sarcastically. "What in the world do you want all those slippers for?"

"I might want to practice ballet dancing in my spare time."

"Well, OK, if it's to help you reduce I suppose it's in a good cause. My gosh, no wonder the bridge didn't last."

Wednesday saw the three men again in Myron's big living room. Three other portly gentlemen were also present. Though comfortable and seemingly very happy, the visiting gentlemen sat with sockless feet thrust into borrowed slippers, their shoes tilted inside the fender draining onto the hearth whilst their socks hung like a row of kippers on the fire screen.

Later, and until after dusk, the clanging of horse shoes rang from the plot of land down the road. Two large electric lights pierced the haze

of much cigar smoke. Laughter and speculative talk ran to and fro. This performance was repeated the next night even to the drying of the socks. All talk on both sides of the creek that day had been concerning the match that the old boys of Barracombe had been challenged to. Nothing would have deterred the interested Barracombers from attending. Bob Spaulding, they said, was unbeatable, yet in some way a rumor had got around that this time he'd never make it.

Myron looked thoughtful as he soliloquized arranged the socks once more upon the fire screen. The following night as the contestants walked in a smile spread over his features. The feet of all the visitors were conspicuously dry. What matter that the challengers lost the match. A game is played for the good it gives to all in the playing. "You never had a pipe like this one, Myr." It was Roy who spoke as he pulled a package from his pocket. The two stood admiring the new bridge complete with hand rail, over which the winning Barracombers had walked dry shod at last.

Prairie Producers Seeking 200,000 B.C. Turkey Eggs

CLOVERDALE, B.C.—A survey of turkey breeds is to be made by the Fraser Valley Turkey Producers Association to ascertain if the 200,000 eggs needed on the prairies in the 1948 season can be supplied.

Prairie producers state B.C. eggs are superior to those imported from other sources and the association is making every effort to cultivate this market.

Pigeon, sales manager, and Hugh Cornwall. Right: preparing her calf for the show at Williams Lake, Pat Wyndt of the Kersey Club shows Solvig Stoyva of the Dragoon Lake Poultry Club how it is done.

Cutting and weighing the 2,500 head at the Williams Lake Sale meant four days of hard work for men and horses.

West Farmers Facing Threat Of Drought

WINNIPEG.—Western Canadian farmers, facing a threat of scanty markets for their wheat on the one hand, and uncertain growing conditions on the other, are looking to 1949 with a certain degree of anxiety.

A warning that Canada and other grain-growing countries, may be hard pressed to find adequate markets has come from British grain experts. Their prediction is based on the belief that grain will be plentiful next year following large increases in wheat stocks recorded by many countries this year.

Chief Commissioner George McIvor of the Canadian Wheat Board, however, is hopeful that Canada will be able to dispose of her wheat next year.

Western farmers, while scanning the market situation with a careful eye, are more concerned with crop conditions. They fear that a large-scale drought may be experienced next summer unless heavy winter snowfalls and substantial spring rains bring moisture to dry areas.

Last summer moisture conditions were good throughout the West and farmers reaped a bumper crop. But this fall has been described as the driest within memory of many farmers and they are uncertain what to expect next year.

Moisture for spring-seeded crops is not the only problem worrying farmers. The dry fall has left top soil hard and cracked and curtailed fall rye seeding. In some areas the soil is reported so hard that plows have been unable to do more than dent the surface.

Chicken Disease And Polio Has No Connection

EDMONTON.—Dr. J. A. Gillett, Alberta director of communicable diseases, said there is no indication of any connection between the frequency of poliomyelitis and a type of paralysis which attacks chickens. He said reports that many chickens in the New Bridgen district of the province were dying from a type of paralysis while eight persons contracted polio were "coincidence".

Doctors had advanced the theory that the two diseases might be connected.

Just Plain Folks

A recent editorial in The Rose-town, Sask., Eagle had the following which truly depicts the rural community life:

"Last Monday, after lunch, we had reason to call at the office of a well known resident of Rose-town. We were very busy at the time, but as the business was important and could not be transacted over the phone, we took time off and walked down to see him."

He was out, but had left a note on his office door clearly stating the reason for his absence. It read—

"Must fix the clothes line. Should be finished by 3 o'clock."

Has his door been locked with no reason given, we would have been quite annoyed.

And, had the usual "Be back at a certain time" not been used, we would not have felt much happier either."

Here was a man who still has the common touch. One who knew that his friends would know that a broken clothes line on a Monday was a very serious thing.

That's why we like living in a rural community. Not just because a man took time off to do a household chore, but because in our way of life men are still big enough to be just plain folks."
